Willamette Dental Group 

Selecting a dental plan can be simple. It's not easy to navigate the maze of health insurance possibilities to make sure you're getting the best care possible within a reasonable budget.

That's where we come in. Willamette Dental Group is unique – just like you. **We believe insurance should be simple and dental care should be easy to understand.** That's why we keep things straightforward and effortless.

More Than Just Insurance

Willamette Dental Group is more than just an insurance plan — it's an entire dental care plan. As an exclusive provider organization, all plan members are patients at our dental practice. This allows us to focus on keeping you healthy instead of billing an insurance company for services.

Quality You Can See

We employ and keep only the top quality dental providers so you can be sure you are receiving the best care possible. Our doctors aren't paid by the number of crowns they perform. Instead they're rewarded by improving your health, getting you timely appointments and making you happy.

Treatment That's Focused On You

We practice evidence-based dentistry focused on preventive treatment and we partner with you to promote healthy habits. You'll always receive a thorough evaluation, diagnosis and treatment plan tailored to your unique needs.

Simple Benefits That Bring You Value

With no maximums*, no deductibles and predictable copays for all covered services, you can plan for your care and treatments rather than being surprised by a bill based on unknown fees and percentages after the fact.

*Benefit maximums apply to TMJ and orthognatic surgery, if covered.

Most of our dental offices are open Monday through Friday from 7AM to 6PM and rotating Saturdays on a regional basis so you don't have to worry about fitting appointments into your busy schedule.

Dental Emergencies

In the unfortunate event of a dental emergency, in-person appointments are available during regular office hours same day or next day and on-call providers are available for phone consultations when offices are closed.

Consistent Care

We want you to have a long-term partnership with one of our many dentists. You're free to select whichever Willamette Dental Group dentist and location is best for you and you'll work with a consistent dental team including your dentist, hygienist and dental assistant.

Easy Appointments

We strive to be as flexible as possible with our appointment availability to meet your lifestyle and preferences. Most appointments are scheduled by our local scheduling team but individual offices can be reached for any questions or follow-up that you may need.

Top Feature: Orthodontics for All Ages

Orthodontic benefits are included for both adults & children. With no waiting period and no lifetime maximum, your orthodontic care is covered with one low comprehensive copay at the start of treatment and an office visit copay for each visit during treatment. All orthodontic treatment is provided by licensed orthodontists at Willamette Dental Group offices. Visit our website for more information on orthodontics.
